# PLAN FOR SUCCESS

## Compensation plan

Any item shall be sold only through the distributor of the company.

Like all the other things, marketing too with time has evolved a lot. It's not just limited to buyers, sellers, salesmen, and businessmen. It has transformed rapidly with time. New types of marketing have evolved; new ways have come up, expanding the territory of marketing.

Network marketing is a business concept that relies on a network of distributors to grow a company. Making money typically involves using three basic types of systematic strategies: lead generation, hiring, and building and management.

Selling e-visionaries Products directly to the customers is the first step to success and building a solid foundation for your business. Retail Selling is the surest method of earning immediate incentive even as you build a long term business and satisfied customers.

Simply put, network marketing is a business concept that relies on independent agents selling to other people, usually from their homes. If you start a network marketing firm you may need to develop a network of business partners or salespeople to help you generate leads and close sales.

So, We create awareness about network marketing, we create public relation, we create entrepreneurship, we empower entrepreneurs, networking opportunity, expert referrals, women empowerment, we are tech-updated community, we serve health & wealth benefits, build eco system Also we create positive cash flow.

You can grab this opportunity and get success by joining this company.

## Calculation:-

example :- we have 3 matrix, each member buy 1500 BV products. (one BV = one rupees).

A distributor forms a team according to a matrix of 3, whose income level is shown in the table.

Level	Turn over (BV)	Income (%)	1BV=1₹	Income
3	4500	1	18000	180
9	9000	0.5	36000	180
27	40500	0.5	162000	810
